

Employer testimonials

BiO-LiFE Marketing

Ng May Lee

*Customer Health Advisory
Manager and Nutritionist*

The internship programme works very well for both parties, serving as a platform for students to gain invaluable work experience related to their field of study. The students were resourceful and able to portray professionalism and dedication during their internship with us.

Abbott Laboratories (M) Sdn. Bhd.

Connie Tan

CRM Manager

Overall, I think the Co-Op programme is good and provides students the opportunity to be familiar with the 'real' work environment. I was privileged to work with two different groups of students in the final and first year. The final-year students were mature in handling their assigned tasks and were able to contribute more to their work. They had the initiative to enquire when in doubt. Perhaps their previous attachments with other companies helped them.

PricewaterhouseCoopers Malaysia

Charlize Foong

Recruiter

We would like to continue our collaboration with the UCSI University Co-Op programme, which we find beneficial for both students and employers. It provides the opportunity for students to experience working life and gain hands-on experience while at the same time, employers are able to assess if these interns are a good fit for the firm prior to recruiting them.

Asia-Pacific Special Nutrients (M) Sdn. Bhd.

Seetha Jaganathan

Scientist

Throughout her Co-Op here, our intern proved to be very hardworking and eager to learn. She was

Junaid Integrated Services

Sulaiman Junaid

Managing Director

As always, this Co-Operative Placement Programme provides an opportunity for mechanical training and real-world experience that could never be learnt in the classrooms. As for our intern, he has a place with Junaid Integrated Services because he exceeded all of our expectations.

able to communicate well with co-workers and was punctual, well-groomed and disciplined. We were very pleased to be able to provide a place for such a highly skilled student from UCSI University.

Cerebos (M) Sdn. Bhd.

Jennifer Chan

Senior Admin Executive

I feel that UCSI University has provided a very good platform for students to learn, engage themselves and experience the real-life working environment. The Co-Op helps pave the way for students to build and strengthen their confidence. UCSI University has demonstrated that they not only care for academic excellence, but also for their students' welfare.

Digi Telecommunication

R Sivanesan

Facility Engineer

Our intern was responsible for gathering details and data on the BTS Mfes trials and mentoring the Deep Green Challenge Team (UKTM). His work performance and interactions with co-employees were very good. He was also reliable in judgements.

Ixsun Sdn. Bhd.

Maggie Tan

Operation Executive

Throughout our intern's employment with our company over the past two months, we found him to be honest, sincere, hardworking, responsible, cooperative and

See Hoy Chan Group

Stephen Wong

*Human Resource Vice-
President*

The undergraduates of UCSI University sent to my organisation demonstrated good and positive attitudes as interns. They were self-driven and receptive to the IT infrastructure at our place. It appears to me that UCSI University is on the right path of developing the right curricula for its students.

respectful. We have found him to be an exceptionally valuable asset and would be pleased to recommend him for a suitable and responsible post.

One Point HealthLab Sdn. Bhd.

Rahmah Abdul Rahman

Director

The candidates gave their full cooperation and participation in all the laboratory activities; they also showed high commitment and dedication in accomplishing their assignments.

National Cancer Society Malaysia

Adeline Joseph

*Administrator, Resource &
Wellness Centre, NCSM*

It was the first time NCSM had an intern from the UCSI University and we were happy to be part of this Co-Op programme. It was mutually beneficial as we had an opportunity to gain insights from a younger mindset while the student gained some working skills and experience.

STATS ChipPac Malaysia Sdn. Bhd.

Selvaraja

Staff Engineer

The trainee demonstrated great initiative in handling problems such as collecting data, and sharing and analysing ideas and solutions with superiors. He has the technical capabilities of an engineer and is a quick learner. He has the right attitude to be a capable engineer.

Techsource Systems

Chia Soon Yoong

Application Engineer

We took a student from UCSI University for a four-month internship. Our intern proved her strength in knowledge by assisting our company in providing the required technical support to many of our customers. We were satisfied with her performance and believe that through her time with us she has gained the necessary skills and knowledge to be successful in future employments.

Playground Enrichment Programme Sdn. Bhd.

Derek Ong

Principal

Our intern had a love for the profession and was sincerely interested and concerned for the students. She was willing to come up with creative lessons that proved to be interesting and educationally effective. She was always willing to adjust any part of her lessons for further improvements. Overall, we were satisfied with her performance and could see that she had put in a lot of effort in her duties during her internship.

Pixarus Communications

Choy Su-Ling

Managing Consultant

We were very pleased to welcome three UCSI University students into the world of public relations and journalism. During their internship, the students made real efforts to improve their performance, having been challenged time and again to outdo themselves. Ultimately, all these challenges made them stronger and smarter individuals who are mentally, emotionally, and academically prepared for the real working world when they graduate.

University Putra Malaysia

Dr Phang Lai Yee

Lecturer

I fully support this programme. The students are exposed to a new working environment from which they may gain invaluable experience.

STATS ChipPac Malaysia Sdn. Bhd.

Kevan Phua

Engineer

Our intern was a great help, with qualities to be a good engineer. Some of his contributions were in data collection, data analysis and machine mentoring. He was able to follow up on his work with initiative to learn. Overall, he was a good trainee during his internship.

SHC Solutions

Tan Hock Lim

Chief Security Consultant

Our intern was humble, sincere, polite and had good technical knowledge. I appreciate his Co-Op time with the company. During his internship, we found that he was capable and had the potential to conduct research on new products. He always worked independently and was willing to accept new challenges.

Ablecon Engineering Sdn. Bhd.

Loh Wai Seng

Marketing Manager

Our UCSI University intern was with our company for four full months for her industrial training. Our company provided a training ground that enhanced and equipped her with the necessary knowledge and experiences for her future needs.

She is dedicated and committed to her work and assignments given

to her during her tenure with us. Besides, she is very well aware of the importance of deadlines set by the management. She is a responsible person and always took the initiative for research to understand and complete the jobs or assignments given to her.

In addition, she also understands and practises good time management. I believe she has the right working attitude for our company. Moreover, she works well with all levels of people and is a very helpful individual.

She will be an asset to any company that chooses her as a team member.

ALSTOM Asia Pacific Sdn. Bhd.

Quah Teik Seong

*Head of Department,
Mechanical and Electrical
Erection Power System,
Construction and
Commissioning*

Our intern from UCSI University worked for Alstom Asia Pacific Sdn. Bhd. under my department as an internship trainee for four months.

Throughout his internship, he has demonstrated his capabilities to successfully complete multiple tasks with favourable results despite deadline pressure and work scope beyond his level of studies. In addition, he has established marvellous

rapport with the people in the office and proven himself extraordinarily helpful in other areas of the company. He is also a brilliant team player with critical thinking and learning skills.

He has done an excellent job and shone in many aspects throughout his days here at ALSTOM. I would highly recommend him to join us again upon his graduation as he would be a great asset to the company.

Otis Elevator Company (M) Sdn. Bhd.

Yap Kim Cheong

Project Manager

Punidan Kanagaraj

Project Engineer

Ricky Henry Nonis

Project Coordinator

From his first day, our intern showed a strong willingness to work, applying himself to the position with enthusiasm and a sense of responsibility.

He was more than capable to fulfill any tasks set before him without any supervision. He was also well-liked by colleagues.

He was an excellent asset to our business. He was also responsible and trustworthy. He was such a treasure and we have no hesitation in recommending him to any future employer.

The Media Execution Company Sdn. Bhd.

Rina Farafienar

*Finance & Operations
Manager*

I found our intern to be consistently pleasant, tackling all assignments with dedication and a smile.

Besides being a joy to work with, he is a take-charge person who could present creative ideas and communicate well. He successfully developed several marketing plans for our company which resulted in improved relationships with our clients.

He initiated several events:

- Christmas party for staff with several activities (Executor Idol Night)
- Christmas Party for Clients
- Rawang Homes Donation Drives.

He was an asset to our marketing and first CSR efforts, and was also extraordinarily helpful. I would recommend him highly for he is a team player and would be a great asset to any organisation.
