

## An Unsung Hero Honoured: Professor Dr. Terrence P. Hogan

Professor Dr. Terrence P. Hogan has been actively involved with UCSI from the days when it was still known as Sedaya College. At a meeting in Winnipeg, Manitoba, Vice Chancellor Peter Ng approached him with his vision for Sedaya College. He took great interest in this vision and did not hesitate to become a part of the College's development. As he was the Vice President of Research and External Programmes at the University of Manitoba then, it was only natural that the University became among the first of Sedaya's partners. Today, he is still a member of UCSI's University Council.

A Senior Scholar at the University of Manitoba's Asper School of Business, Prof. Dr. Hogan is a Psychologist by training. He has had a long interest in Organisational Behaviour and International Relations. He has also been actively involved in community health throughout his career as a Psychologist. Besides having an illustrious academic career he has also sat, and still sits, on the boards of various professional societies, councils and associations.
