

# FRIDAY THE 13TH

Students enjoying themselves at the party.

On Friday the 13<sup>th</sup>, students were treated to an enjoyable night while putting on their scary outfits and had their good-looking faces painted at the Halloween Party organized by the Student Council.

“Halloween is popular in Western countries but not in Asia. Therefore, we wanted to encourage more students to experience the event,” said Leslie Lian, one of the organizing committee members.

The party was held from 7.00pm to 10.30pm at the Examination Hall, Block C with lots of food, fun competitions, and entertaining performances.

One of the participants getting ready with his scary outfit.

The committee members had their nice-looking faces painted.

A week prior to the event, members of the Student Council already had their faces painted in front of the students at the Lobby of Menara Gading. Lian, an Accounting & Finance student, explained that this activity was part of their marketing strategy to promote the event to all the students on the campus.

End.
