

UCSI STAFF SPORTS CARNIVAL A SUCCESS

The Badminton Champions (Both Categories: Singles, Doubles & Mix Doubles)

UCSI Recreation Club recently organized a sports carnival for the staff of UCSI. The event was a great success with every participant having a great time in showing true sportsmanship during the carnival.

Organizing chairperson, Tan Meng Yew encouraged staff members to participate in the sports carnival during the previous annual general staff meeting. The response for the various games was good. Among the sports contested were badminton, table tennis, jogathon and various board games including chess, and even a traditional game “*congkak*” was played.

The highlight of the sports carnival was the jogathon. Participants jogged the course of the race, covering the whole campus, going uphill to the new carpark area and back to Menara Gading as its finishing line. The jogathon was divided into three categories – Team, Male and Female.

The sports carnival was a great success as it saw true sportsmanship among UCSI staff. Many of them said they would participate in the next sports carnival as this will help foster better ties among colleagues.

Check out the results on the following page for the full list of winners of the UCSI sports carnival.

The participants of the jogathon and congkak competition.
